

Ox Close Primary School

Consent Form - For Use of Photographic Devices at School Events

Name of Child:

Name of the child's Parent or Guardian:

The school is aware that there is a possibility that photographic images can be used inappropriately and/or for illegal purposes.

It is the school's understanding that photographs or videos generated by parents at school events are for the sole use of the family concerned. They are not for display, distribution or any other purpose outside of that family.

The Governing Body of Ox Close Primary School wishes to make every effort to prevent inappropriate use of photographic images of pupils, whilst acknowledging that families wish to photograph or film their children at school events throughout their school career.

Our aim is to protect pupils, family and staff from inappropriate use of photographic images.

We therefore ask parents to sign this consent form. This will be retained on your child's school records while they attend this school.

Parents need to understand that where they feel unable to agree to the statement limiting the taking and use of photographs for family purposes only, they will be prohibited from taking such photographs or videos in school.

Where parents feel unable to give consent for their child's photograph to be taken during school activities by other parents in school, it will be necessary to exclude their child from certain school events and activities.

I acknowledge the school statement and agree that any photos or videos I produce are for the sole use of my family.

I consent to my child being photographed during school activities by parents or other family members of other children who attend the school, in accordance with this school statement.

I understand that this consent form will be retained by the school until my child leaves this school.
