

Year 6

migrate emigrate immigrant biomes time zones
 vegetation belts conservation pollution land use
 deforestation magma tectonic plates climate zone
 industrial sustainability fair trade

Year 5

climate zone river flood plain tributary delta mouth
 source confluence meander ground water ox-bow lake
 deposition terrain population water cycle products
 rainforest canopy

Year 4

farming humid natural resources man-made resources
 distance scale evaporation condensation precipitation
 hemisphere import export trade natural disaster urban
 rural global Tropic of Capricorn Tropic of Cancer

Year 3

settlement community landscape environment soil
 weathering erosion lake compass industry longitude
 latitude grid reference North East North West South East
 South West symbols

Year 2

location route Equator North Pole South Pole continent ocean
 sea climate England Northern Ireland Scotland Wales
 beach forest port desert cliff hill harbour coast valley
 capital north south east west

Year 1

transport building plan globe travel journey
 town village city farm seasons Spring Summer Autumn
 Winter weather pattern hot cold wet dry key

Reception

left right middle street house school church
